

# The Broughton Social Group Newsletter

Issue No. 90

March/April 2022

## Jubilee Gardens in the Spring.

With thanks to Tim & Jenny  
for their hard work

## Queens Party 5<sup>th</sup> June

The Parish Council would  
like to borrow a couple of  
Gazebos for this event. Are  
you able to help, please?

**Lambing Day at  
Broughton  
Grounds Farm  
Saturday 9<sup>th</sup> April  
2022  
2.00pm  
50+ tickets  
available**

Message from James Taylor

Tickets need to be pre booked

Half of all proceeds from our lambing day will go to Disasters Emergency Committee Ukraine appeal, and half to Katherine House Hospice

Go to <https://www.ticketsource.co.uk/broughtongroundsfarm>

Enjoy an afternoon at the farm, watching new lambs being born, and support these worthwhile charities at the same time.

**[sue.leech1now@btinternet.com](mailto:sue.leech1now@btinternet.com)**

- Hook Norton Community First Responders (who provide initial emergency medical support to our residents), will be delivering interactive, (Covid Safe) training techniques to deliver Hands Only CPR and how to access and use a public access defibrillator in the case of a medical emergency i.e. a cardiac arrest.
- Whether or not you have had training e.g. first aid, this is an opportunity to learn or re-familiarise yourself with this life saving skill.
- As responders they practice regularly and have to re-qualify every six months.
- Whether a loved one, friend, colleague or a stranger, you can be the difference between life and death.
- Our aim is to ensure everyone who attends will leave with the basic knowledge of how to deliver Basic Life Support.
- Even if you don't feel able to do this yourself, the knowledge of how it's done can be enough for you to guide someone else.
- Please consider this investment. In time the return on that investment can be saving a life, which is beyond value.
