The Broughton Social Group Newsletter

Issue No. 93

September/October 2022

Welcome to our September/October newsletter. With recent events in mind, we have decided that for this edition we would like to commemorate the life & service of Her Majesty Queen Elizabeth II.

During the many years of the Queen's reign our village, along with much of the country, celebrated many of the big royal events together creating the Jubilee Garden on the main road for the Silver Celebrations and hosting a village party for her 90th Birthday and in June this year the Platinum Jubilee.

Village tributes,
Wykham Lane and the
Church Porch

Martin Fiennes very kindly sent us these photos. My grandparents dressed for Queen Elizabeth II's coronation in 1953, these 'coronation robes' are on display in the Great Parlour at the Castle as are The Coronation chairs which they sat on (and were then allowed to buy for £7 each afterwards) There isn't enough room in Westminster Abbey for all the Life or Hereditary peers to go to a Coronation, so I believe they hold a lottery among them to see who gets invited!

Nathan Allan from Broughton, was at the Queens 90th Birthday Celebrations in Windsor. He was part of the performance team. He restored an exact replica of the car she worked on during the war. Complete with all original markings. The Queen viewed his Tilly vehicle at the show, and he then got an invite to the castle.

Our 90th Birthday Celebrations

This was the first big event that the Broughton Social Group organised. We were so happy that so many people turned up for this event . The commemorative photo can be seen in St Mary's House (the village hall).

Our Platinum Jubilee Celebrations

Another succesful event for the Broughton Parish Council, St Mary's House committee, and the Social Group. Many villagers attended, despite the inclement weather. We were very pleased that Martin Fiennes came to cut the cake, and propose a toast to the Queen , alongside his parents.
