The Broughton Social Group Newsletter

Have you seen our new village tree?

Oxfordshire County Council have planted a tree in every parish to commemorate the Queen. Ours is a silver birch on the triangle going down to Fulling Mill. We have just been asked to look after it, and in the summer, the Parish Council will make sure it is watered, mulched, and not overgrown.

We look forward to seeing it thrive.

Kings Coronation Tea Party

The Parish Council and Broughton Social Group are arranging a tea party to celebrate the Kings Coronation on Sunday 7th May

The Party will be held at St Mary's House, Wykham Lane from 2.00pm to 5.00pm, and will be along similar lines to the Queens party.

There will be tea, coffee, Pimm's, soft drinks, cakes, tombola, bouncy castle, face painting and raffle.

In the weeks before, we will be coming round to sell raffle tickets and collect donations for the tombola.

Julie Taylor will be making a special cake for the occasion, and Martin Fiennes has agreed to come along and cut the cake and propose a toast to the King.

We would be very grateful for offers of help, and are looking for people to help set up on the day, and for help in the kitchen, serving tea and coffee.

Also contributions of cakes, large and small would be very gratefully received.

If you are able to help please message Sue Leech at sue.leech1now@btinternet.com or phone her on 01295 259589 or mobile 07891467656

First Aid Course

On Saturday 25th February, the Parish Council arranged a free Emergency first aid course for 14 villagers. Following a referendum some years ago, villagers agreed that a more general knowledge of first aid would be valuable, in addition to having a defibrillator installed. The course was run by Oxford College of First Aid and included instruction on how to deal with, incident management, choking, seizures, heart attack and stroke. It also covered minor injuries, and what to have in a home first aid kit. And finally how to deal with an unconscious casualty, and resuscitation, including use of a defibrillator.
Thank you to everyone who attended.
